DETAILED ACTION

- 1 This action is responsive to the amendment filed on August 13, 2007.
- 2 The cancellation of claims 48 is acknowledged. Pending claims are 1-19, 31-35, 44-45, 49-66 and 71-89.
- 3 The rejection of the claims under 35 U.S.C. 102(b) as being anticipated by Cottard et al. (US 2001/0023514 A1) is withdrawn because of the applicant's amendment.
- 4 Claims 1-19, 31-35, 44-45, 49-66 and 71-89 are allowed.

STATEMENT OF REASONS FOR ALLOWANCE

- 5 The following is an examiner's statement of reasons for allowance:

The comparative data submitted in the declaration filed on 2/1/2007, is sufficient to rebut any case of prima facie obviousness of the claimed combination of ingredients because the data in the declaration show that the inventive compositions (B) and (D) demonstrate superior and unexpected results of chromaticity (inventive composition B shows chromaticity value of (24.65), and inventive composition (D) shows chromaticity value of (24.94) over the prior art composition (A) that shows chromaticity value of (20.41) and the prior art composition (C) that shows chromaticity value of (19.82), wherein the higher the value of chromaticity the better chromaticity and better coloration. Accordingly the claimed subject matter as a whole would not have been obvious to one having ordinary skill in the art of keratin fibers oxidation dyeing formulation.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue
